

P.S. I LOVE YOU MORE THAN TUNA

I know you're sad because I'm gone.
So I made you this book to help
you remember the good times.
And to show you that
I'm with you always.

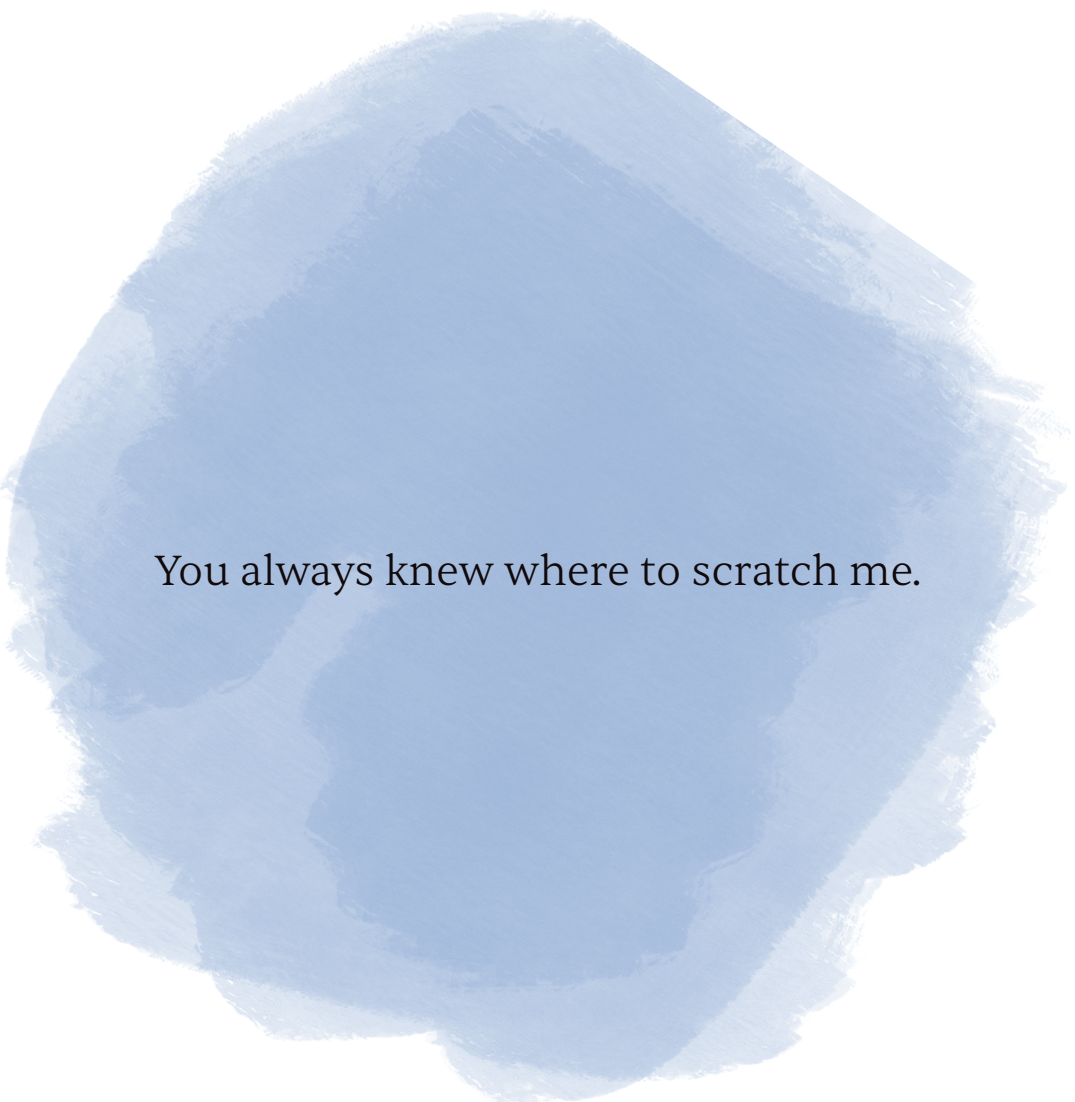

From the moment I chose you as
my human, I knew you were special.

You gave me the best presents.

You always knew where to scratch me.

You saved the warmest sunbeam for me . . .

... and with a view of the birds.
